Hello everyone,

I am sending this message to provide the attached document which identifies NERL Teams for the facilities consolidation and transition activities in Las Vegas, Athens, and RTP. As I am sure you are aware, given the complexity and timing of these activities, there is a lot of coordination required at each location, as well as, across locations. The NERL staff identified in the attached document have already been working effectively on consolidation and transition activities, but I wanted to send this email to more formally clarify roles in the various activities at each location as we move forward. Please let me know if you have any questions. Thanks.
